The image shows a mobile application interface titled "Color Sort". At the top left is a "BACK" button with a left-pointing arrow, and at the top right is a "CS" button with a double-headed arrow. Below the title bar, there are three sections for color tags. Each section starts with a colored circle (yellow, black, and green respectively) followed by the text "Name of [Color] Tags List". Below each label is a text input field. The first input field contains "Yellow Tags: Pasture 1", the second contains "Black Tags: Pasture 1", and the third contains "Green Tags: Pasture 1". At the bottom of the form is a large, light gray button labeled "Save Modified Lists". A green double-headed vertical arrow is positioned to the right of the three input fields, spanning their combined height.
